much dissatisfied. It's hard for me to even think about it.

"I think there are advantages and disadvantages to either system. I think it rests with each individual to weigh the advantages of both forms of government."

Edwin Reiske, president of the Tri-City Trades and Labor Council:

"This is not my own personal opinion, but the opinion of the 53 labor organizations represented in the council."

"Speaking in their behalf, they are against the city manager form of government. The manager is appointed by a five-man board. This takes away the right of the people to elect their leader, and it takes the man who is making the decisions away."

"This is the main reason they are against the city manager form of government."

Charles Henry, chairman of the Citizens For Council-Manager Government, and a railroad employee:

"I feel that among the people who have studied this and read the facts, the council-manager government is the best. The question about it going over, it's been proven, in too many cities of varying sizes, to be the best government form."

"I think that a cross-section of the cities that have a manager government definitely proves it as the best form of government."

"I'm very well acquainted with the cities in Kansas listed by the Trades Council as being against it. To my knowledge, there is no thought of changing from it. Salina, in particular, is very well satisfied with it."

"My home town of Hollisburg, Kan., which has a population of between 10,000 and 12,000, has had manager government since 1924. They have had only three managers during that period. I think that's good."

"Arlene, Kan., which is President Eisenhower's old home town, operates under a city manager and is very well satisfied."

Robert S. Sorenson, Granite City Democratic chairman, state director of AFL-CIO Community Services and Illinois Young Democrats:

"I am opposed to it. I think some of the proponents are under the misapprehension that this would lower taxes or save money. I don't think that this is true. It will only result in more money being spent, especially on the salaries of professionals, people."

"I think that some of the people are dissatisfied, maybe, with the present administration. But this is not the way to make the city government more efficient, by changing the form of government."

John R. Budde, Granite City Republican chairman and state license investigator:

"I'm opposed to it, not that I wouldn't like to see some changes made."

"The original statement by some of the originators was that this was the way of getting rid of them. I think that's the reason why some of the people are represented."

"I think that the mayor-alaudor form leaves the representative of the people, since all sections of the city can be represented."

"I think that the mayor-alaudor form leaves the representative of the people, since all sections of the city can be represented."

"In a community of this size, it would remove the representative government, such as we now have. There is no facility or anything else that would be available. They would say that aldermen would be elected from various sections of town. Obviously, the more conservative citizens all the older men from one particular district.

"To me, this would be cutting off an arm to split a hand. I

Cities Safety Council To Elect On Wednesday

Officers will be elected at the noon luncheon meeting Wednesday of the Quad-Cities Safety Council.

President Alfred J. Weider said the council will meet at the Elks' club, and additionally there will be a report on September's Safety Week activities.

GO TO CHURCH SUNDAY

First Ice of Season Found On Puddles

A sheathing of ice formed over puddles and outside containers with water this morning as the mercury dropped to the season's low of 29.

Soon dissipated by the rays of a brilliant morning sun, the ice

gatherings pointed to upcoming winter.

The motorists' trek to have radiators protected with anti-freeze solutions was given a boost today, and numbers of service stations and stores did a brisk business.

And another sign of fall was the bleak look of the Edison Avenue bench alongside a down town Granite City variety store.

\$5 Speeding Fine

Harry W. Hill, 33, of 2513 Grand avenue, who was driving his car at 70 miles an hour, was given a \$5 speeding ticket by Granite City police on a charge of speeding, was fined \$5 apd costs during a hearing before Police Magistrate Gasparovic.

Usually well occupied by business customers and a lot of "curbstone sitters," it was virtually vacant Wednesday and today.

GC Steel Optimistic In Face Sales, Income Fall

Granite City Steel Co. earnings for the first nine months of this year fell approximately \$24 million below that of a comparable sales year.

Sales, ton, were down to \$110,322,405 as against \$119,604,629 reported for last year's first three quarters.

However, Nicholas P. Veeder, chairman of the board and president, in a report to stockholders this week, noted:

Miss Joann, 10, who is the daughter of Mr. and Mrs. Lawrence Jones, a senior 1000 at Granite City high, whose essay dealt with the work and accomplishments of the United States, was the winner of the 1000th place.

In addition to the 1000, the 1000th place, Miss Jones, declared that the grand prize contest was given a \$25 U.S. Savings bond. After this individual Chairman, Mrs. Mary G. Gandy, collected the awards. Here are the 1000 tallies as to divisional pledges up to noon Tuesday:

Division Breakdown

Industry, \$57,787; continuous giving, \$73,023; professional, \$1610; special gifts, \$478; government, \$688; organizations, \$200 and other business division, \$11,300.

While comparative figures were unavailable, an educated guess by a spokesman indicated that the response to the \$6 appeal for the benefit of the agencies and service was "in the neighborhood" of 12% over that of last fall.

So that all Tri-Cityans can keep informed on the progress of the fund-raising efforts of large scale thermometers or gauges of giving were set up this week.

Showing the "Theatre Cup" on United fund at the 51.4% mark, these indexes are seen fronting Granite City's municipal building, Venice's city hall and the city hall at Madison.

They are graduated by degree from 0 to 100 and an area for "over the top" cordings. Fashionable fabric of the fabric.

In addition to tomorrow's report luncheon, yet another, and it is anticipated the final, will be held on Wednesday noon, Oct. 26 at the YMCA.

That will be Victory Day in the '61 drive.

State Gets \$567,481 Dodge Assets In Court Ruling

Illinois has been awarded \$567,481 from the assets of the state of Illinois, to an auditor who took more than \$4 million in state monies.

In an order signed Tuesday, Chicago Circuit Judge Daniel Morris awarded the state that sum.

Additionally, the state was awarded \$104,000 in real estate and insurance assets to Hodges' 60th year of life. Illinois' auditor is serving a prison term for embezzlement.

He still owes \$40,000 in principal and \$163,339 in interest accrued since the first cashed fraudulent state warrants in 1953.

Plan West Junior High PTA Meeting Oct. 27

The West 25th street junior high PTA executive board met Tuesday evening. Plans for a PTA meeting on Thursday, Oct. 27, were made and it was announced that the new president this year will be given a charter membership card.

Program for the evening will be a presentation by the Plan West student drama group, under the direction of Mr. and Mrs. Nichols.

He still owes \$40,000 in principal and \$163,339 in interest accrued since the first cashed fraudulent state warrants in 1953.

Angeloff Inter-City Batting Champ With .460 Average; Also Top Hurler

Final Southwestern Illinois Inter-City Baseball league averages showed today that Mercer built up the best record of any team in the league this season, winning the eight and one. Mercer's team batting average of .386 was tops in the league, as was the team's .526 winning percentage, based on total wins as compared to total times at bat.

Merger placed eight players among the two who both hit over .400 this season, the only two to earn the title by getting credit for 50 or more official trips to the plate. Granite City Sacred Heart added four to the list.

League batting champion Andy Angeloff of Mercer had a .460 average.

John Modrusic of Granite City had a .459 average, was followed in the 23 spots by John Modrusic and Bill Dik, both of Mercer, who hit .439 and .438, respectively.

Top local leading hitter was White City's John Sanci at .423, followed by Ray Rosenzweig of Collinsville, McMakin Glass at .419, Charles C. Mercer at .408 and Charles Johnsgaard of Mercer at .404.

Chuck Jones, who signed the title last season, will be a .400 man this year, with .398 marks.

Other local players on the .300-plus list include Jerry Parmenter of Mercer, .377; Jim Falk of Granite City, .374; Howard Eberthorn of Sacred Heart, .355; Rudy Dik of Mercer, .351; Bob Burns of Sacred Heart, .310; and Ed Ophic of Sacred Heart, .308.

Merger also relied heavily on Angeloff in the role of a pitcher.

Not Enough Public Interest At Present

To Assure Fair Trial For Manager Plan

Much has been said and written on both sides about the council-manager form of city government on which Granite Cityans will vote next Monday. This has been accomplished despite the city council's hasty election call that gave citizens little over a month to become informed on the proposal.

In an analysis by the Press-Record and statements from the proponents and opponents key issues in the council-manager administration have emerged. The mayor and four councilmen would be elected at large, instead of choosing a mayor city-wide and aldermen from wards. Each voter would gain a voice on all council positions, as he is denied now on 14 of 16, but some neighborhoods could be left without a council member. The mayor post would become that of presiding officer, while a professional administrator would be hired to manage the city, subject to the council and, through it, to the public.

The Press-Record believes that the manager form is inherently better for operating a city the size of Granite City than the present mayor-council system. But, after careful study, we have reluctantly come to the conclusion that not enough general public interest has been aroused to give a reasonable measure of support to the fact that the manager proposal, if adopted, would have a fair trial.

As national city-manager representatives themselves point out, this type of streamlined government cannot function well, and should not be attempted, without a large, permanent organization of representative citizens behind it, among other things, screen candidates and help elect them to office. Happily, possibly due to the short period of time, few major organizations, civic groups or leaders have as yet identified themselves with the proposal. On the other hand, some have come out strongly against it.

In the absence of this broad citizen support, there is grave danger that the government of Granite City would be up for "grabs" by pressure groups or machine-controlled politicians. One of the major reasons why council-manager government could be better (city-wide election of five councilmen as against the present system of a mayor and 16 aldermen from eight wards) in itself would facilitate any effort to gain control. It is a lot easier to win a majority of five than a majority of 17.

We are also concerned that, as too often is the case now, officials might be elected and then left to their own devices. The council-manager system needs powerful citizen implementation to prevent this from happening, as well as to get it started off right.

If Monday's proposal is defeated, the interest aroused may still pay dividends in the form of more active future participation in selection of can-

didates and in mayor-council elections. This could aid the existing form of government in satisfying the needs and wishes of the electorate. If citizens become more active, and it is seen that there are still too many problems to be corrected under the existing system, then the managerial proposal can be more easily adopted.

Good government is achieved and maintained not only by persons who take an active interest in it but also by those who vote and who cast their ballots as free and intelligent citizens. In this belief, we urge all to participate in the managerial election. While the manager form of government is a "Yes" vote, regardless of the outcome it will continue to take a keen interest in local governmental affairs, siding wherever it can and vigorously pursuing its obligation — the people's right to know.

Dedication Will Climax Successful

Effort To Meet Area's Hospital Needs

The date is set and the day is near. The Quad-Cityans will begin marking their calendars so that they can attend the dedication of the new St. Elizabeth Hospital wing on Sunday, Nov. 27.

It will be a great day for this community, which responded so resoundingly to the need for expansion of the Quad-Cities' only hospital facilities. The major addition to the medical institution fittingly will be named after Dr. R. W. Binney, who pioneered medical research here when the building was first Illinois Metropolitan Area was yet a network of infant settlements.

The mammoth hospital construction project, this year, financed partly by public contributions, is a majestic addition to the local skyline and will have great impact in terms of more adequate facilities for the growing population and expanded and modernized departments and equipment.

Quad-Cityans justifiably can take much pride in their new medical facility. They will have an opportunity on Nov. 27 to inspect the addition and to officially recognize successful completion of a joint effort by the public and staff to continue meeting the hospital needs of the community.

Highway Improvements, Area Growth

Aid Venice Bridge Traffic Volume

The past year's 4 1/2% gain in McKinley Bridge traffic is interesting when compared to the 5% drop anticipated due to the resurfacing project, which has reduced the number of lanes in use.

Road traffic volume predictions were made in charting how the city of Venice could pay off the huge debt incurred in purchasing the river span. With vehicular crossings only 28,021 short of 4,000,000 during the year ending Sept. 30, it now

The group sang and made plans for the next meeting. Present were Dorothy Hartman, Charles Silcox, Pauline Wright, Clinton Lewis, Jimmy Tinsley and Glenn Lewis.

appears that the public was willing to absorb both higher tolls and the inconvenience of the extensive tolls.

Mayor Lee has reported that steadily increasing traffic is needed for the city to continue to meet its bridge obligations and to show a profit. The prospect for this is brightened by the heavy use of the bridge at major highway improvements underway and planned on both the Missouri and Illinois sides, and the continuing growth of the Illinois Metropolitan Area.

Represents at the meeting included those from labor, industry, supply services, religious services, "Radio," the welfare, home of the engineer, engineering, Bubblemasters scuba diving, several members of emergency rescue squads of the Bowline Park, the community units, and Deputy Directors Mrs. Valerie Eveden and William Warfield.

The next regular meeting will be held in the council room Wednesday, Nov. 9.

Civil Defense Course Planned For GC Staff

Approximately 35 attended a special meeting of the Granite City civil defense staff last night in the city hall council chambers. Assistant Director Victor Koenig gave an outline of civil defense and the national civil defense and local levels and plans were made for CDF.

Victor Koenig described the structure of the local organization, which includes the director, assistant director and five deputies.

George W. Schumacher, director, gave a brief history of the founding of the local staff and related the necessity of strong civil defense. He later discussed the loyalty oaths and identification cards presented to them.

Deputy Director Ted Tidwell informed a course in basic civil defense to be taught to all CDF personnel in the council chambers beginning Jan. 17 and running through March 28.

The 10-week course will be broken into nine different sectors (including the direct responsibility of the various sectors) and will cover the continuity of government, review of the national, state, county and city CDF branches, and a session explaining the necessity of CDF; a session on the effects of conventional and nuclear weapons; a session on emergency equipment and a session on surplus property and matching funds. The course will be taught by qualified instructors.

Representatives at the meeting included those from labor, industry, supply services, religious services, "Radio," the welfare, home of the engineer, engineering, Bubblemasters scuba diving, several members of emergency rescue squads of the Bowline Park, the community units, and Deputy Directors Mrs. Valerie Eveden and William Warfield.

The next regular meeting will be held in the council room Wednesday, Nov. 9.

WHAT DOES EACH SYSTEM COST?

How can you measure the true cost of the present Political maze? It isn't only the fact the 17 Politicians (16 Aldermen and 1 Mayor) cost \$29,000 yearly. How much waste, carelessness and inefficiency entered into it? It isn't what they cost — it's what they spend! In City the size of Granite City the average Council-Manager Government (4 Councilmen, 1 Mayor and 1 Manager) costs \$12,000 to \$15,000 — an initial saving of 50% — but more important are the great savings to be made in handling funds in a business way instead of a political aldermanic way.

WHICH IS MORE DEMOCRATIC?

PRESENT SYSTEM

You vote for 2 of the 16 Aldermen, plus the Mayor, who serves on your city government. Only 3 out of 17? Is that Democratic?

WHO IS THE BETTER ADMINISTRATOR?

COUNCIL-MANAGER

You vote for all 4 Councilmen and the Mayor — all of them represent you on your city government.

COUNCIL-MANAGER

City Manager? He is a trained administrator who serves full time. He sees that every job is done properly. He understands the duties of a man who must efficiently spend a million or more of taxpayer dollars each year, according to the council's budget. He must live on merit only.

WHICH GETS THE BEST MEN TO SERVE?

COUNCIL-MANAGER

Councilmen serve because they are public spirited. Any citizen can be a candidate. No group can control the election of candidates because you and all voting citizens elect EVERY Man on the Council.

WHICH SYSTEM DOES THE BEST JOB?

COUNCIL-MANAGER

Waste and inefficiency have been the record of Mayor-Aldermanic government in Granite City. Relatively little has been done to correct this. Many minor issues have been voted in small meetings. Many minor issues have grown to major proportions because of personality conflicts.

In six years, Council-Manager has dropped tax rates 25%, reduced bonded indebtedness 66%, granted city employees an average pay boost of \$600. Saginaw, Mich., cut per capita cost of administration in half. Yonkers, N. Y., reduced public debt from \$17,000,000 in 8 years. Dayton, Ohio, cut garbage collection 38%.

GO TO CHURCH SUNDAY

The annual father-son banquet of St. John United Church of Christ, 2901 Nameoki road, was held Tuesday evening with approximately 180 persons attending.

A formal dinner was served for the formal meal at 6:30 and the men and balloons decorated Fellowship Hall for the event. The banquet tables, covered with white cloths, were adorned with the colors of the church, with streamers carrying out the Cardinal club ball colors. Each one present was given an autographed picture of "Stan The Man" Music.

Oliver Jacobson served as toastmaster, and Elmer Stille chairman of the committee on arrangements. Elmer Stille, the speaker, "Chief" Bender, assistant coach of the St. Louis Cardinals, spoke on the organization of the Cardinals organization and its minor league affiliations.

Membership Increase For Marshall PTA

A total membership of 163 was announced by Mrs. Betty Hasty, president of the Marshall school PTA Monday evening in the school gymnasium. James Hasty was presented with a certificate recognizing a 50% increase in membership.

Hasty led the pledge of allegiance and the Pledge of Allegiance was recited by a singing group and reported on a PTA convention he attended in Kampsburg, Ill. Receipts were given by Mrs. Edmund Hasty.

It was announced that Dr. B. B. Berman will show a film on mental health at the Granite City High school gymnasium Nov. 10. A PTA delegate was invited to attend a banquet for Troop 23.

Plans were made to have several new troops, not yet organized, and Hasty said a new cub pack can be organized and sponsored by the PTA unit if more den mothers can be found. New den mothers were made for a new PTA unit to be built in Illinois.

Nov. 10 PTA meeting was changed to Nov. 11, due to the recent occurrence of National Education Week. Miss Mary Hopkins, principal, announced that there would be no school today and Friday and that a school bus would visit the school every other week.

Mrs. Kathleen Tamm, principal, and Mrs. Carol Jones, who sang two selections, Glen Keithley spoke on the Nov. 8 university bond issue election.

During a special hour of refreshments, Mrs. Betty Weston, Mrs. Mary Jones, Mrs. Belcher, A banner for the highest percentage of attendance by parents was awarded to Miss Christ's room.

County Board Urges Public To Defeat Health Dept. Plan

Noting that a county health department could increase the Madison county budget by about 15%, the County Board of Supervisors voted unanimously yesterday to urge defeat of the Nov. 9 health department proposal.

Adopted "by a roll call vote" was a resolution urging the county health department to order the appointment of a special study committee in the health department to review the proposal.

The board chairman would appoint a committee consisting of board members and private citizens, under the chairmanship of a citizen, to determine the feasibility and need for a county health department in the future, and to ascertain the amount of additional tax necessary to support the department.

The resolution was introduced by Claude Echols.

County Board Urges Public To Defeat Health Dept. Plan

Noting that a county health department could increase the Madison county budget by about 15%, the County Board of Supervisors voted unanimously yesterday to urge defeat of the Nov. 9 health department proposal.

The board noted that if city health departments now in existence are not manned by full-time personnel qualified according to county health department standards, the new county department would "have jurisdiction and take precedence over them in health matters, regardless of the desire of the city or village authorities."

Adopted "by a roll call vote" was a resolution urging the appointment of a special study committee in the health department to review the proposal.

The chairman would appoint a committee consisting of board members and private citizens, under the chairmanship of a citizen, to determine the feasibility and need for a county health department in the future, and to ascertain the amount of additional tax necessary to support the department.

The resolution was introduced by Ted Holton, master counselor; Philip Fraundorf, senior counselor; Charles Stephens, junior counselor; Faust Rogers, marshal; Michael Woolard, junior steward; Johnnie Johnson, senior steward; Joe Merckhahn, junior steward.

bring us with a changing season. In these days of uncertainty how wonderful it is to place our faith and trust in an unchanging Christ. Have you accepted Him as your personal Saviour?

ALDERMAN WHITMER STRESSES ADVANTAGES IN GRANITE CITY

On Wednesday, Oct. 12th, attending the meeting of the Y.M.C.A. sponsored by the Y.M.C.A. for Council-Manager, the entire audience numbered from between 40 to 45 people. Their speaker was Mayor George E. Whitmer of Bloomington, Ill. I would like to repeat; the best I can remember, some of the conditions that existed in Bloomington as stated by Mr. Alcott.

Mr. Alcott told of the city having gambling, "a red light district," the financial books were in a mess, the news industry was moving into the city, the press was low, and they had a dishonest police official. He mentioned others but I can not recall them. After the city manager plan all the vices he mentioned were cleaned up. The industry began moving into the city.

Let's look at Granite City. We have no gambling, "a red light district," plenty of water pressure, a honest Chief of Police, a good police force, and into our city, I mean into the people of Bloomington that they had to take such drastic steps to change the form of government. The conditions which we have in Granite City take for granite. He also stated that after the election in November, the city of Bloomington received the "All America Award." We, here in Granite City, received that same award from the Mayor-Council type of government.

We have a good clean city. We are expanding by leaps and bounds, and industry is moving into the city. We have a good city administration that doesn't make mistakes. Any individual or groups of people, whether it is the A.R.C. or Red Cross, Memorial, Political or any other organization that attempts to accomplish things are to make mistakes. The ones who sit on the side lines and criticize are the ones who never make mistakes.

The next meeting sponsored by the Council-Manager group was held Tuesday, Oct. 17th, at the American Legion Home. I attended this meeting talking with me two advertisements inserted in the Oct. 17th Press-Record by the City Manager. My sole purpose in doing this was to get some answers to the accusations made by the committee in the advertisements.

For example, in one of the articles the statement was made, "The City Manager is the only hope to get the East Side Levee Board to plan." Neither Mr. Henry nor Mr. Cole could give me a sensible explanation to this statement. It is common knowledge that the East Side Levee Board was set up and established by legislation in Springfield. The City Manager controls over the Levee Board at all. Recently, when the Levee Board sought to change its name, they did not come to the mayor nor the city council, but to the City Manager. They had to go to Springfield and get it changed by legislation.

Other points I questioned them on as stated in their article were to stop hidden taxes, stop city buying without bids, stop forced political donations. Again, neither Mr. Henry nor Mr. Cole could give me a satisfactory explanation of their statements.

At the bottom of one of their statements was made, "The city must be made to account for the financial status of Granite City. The city is not in debt. For over 14 years the city has operated in the red, on a \$300,000 loss. Each year the financial books of the city are audited by a Certified Public Accountant licensed by the state. Every year the audit shows the penny spent by the city must be accounted for. The city tax has been lowered for the past two years. The tax level for 1958-59 was \$1,000,000. The tax level for 1960-61 was \$114,000. This means when the people of Granite City pay their tax bill, they are in effect giving a tax on personal & real estate will be lowered by approximately 11%. These are facts and the proof is in black and white."

The question that comes to my mind is WHY the attempt to change the type of government in Granite City.

NEW GOVERNMENT MAY MEAN BETTER CITY

Editor: The Forum
Granite City Press-Record

Dear Sir:

Granite City is a home coming town. Reading the monthly reports of building permits reveals that additions and improvements are being made by numerous individuals. Drive around the

Granite City PRESS-RECORD
Page 16 Thurs., Oct. 20, 1960

City Inspector, Salary \$600.00 per month plus car furnished and expenses.

Assistant City Inspector, Salary \$400.00 per month plus car furnished and expenses.

Dog Catcher, Salary \$435.00 per month, plus truck and expenses furnished. (Incidentally, the dog catcher in Granite City is the only dog catcher in the State of Illinois, if not the whole country.)

These improvements show the pride of the great majority of property owners and managers in their property and in their community.

This again proves how the present administration is taking advantage of tax payers money. It also means one of the main reasons for the prosperity of Granite City has doubled under the present system. We tax payers no longer afford the luxury of a Leonard Davis, Chairman of Non-Union, system of government.

The City Hall machine was counting on a small vote to win for the new set of artists.

It is not why they stand back and have nothing to do with the election.

They stand back and say, "Look at the results of thought."

You, the tax payers, have a choice now to show them who is the boss. Get out and vote YES on October 24th.

A. CITIZEN.

(Editor's Note.—City Inspector Mr. F. J. Fife, denied that he, or any member of his staff, is an atheist. Inspector and dog catcher, has distributed any material only when it can no longer be talked, talked to death or forced by a crying need, and has not been asked to do so.)

He said that the citizens should not make indignities to obtain what should be rightfully theirs.

He said, "Citizens, Please read."

He said that he had not given any instructions to the distribution committee. He made, "How can an city employee wants to do it off-duty time? It's perfectly ok we are and where we are going."

One administrator has suggested we are the citizens want a change that should be done by the administrators. However, the local political horizon fails to yield any good news of a new approach.

Under existing conditions, it is the only hope to get the East Side Levee Board to plan.

Mr. Fife, or any other administrator, Political or any other organization that attempts to accomplish things are to make mistakes. The ones who sit on the side lines and criticize are the ones who never make mistakes.

Demo Committee Women

Plan For Dance Friday

County Democratic committee women held a monthly meeting at the VFW hall at Waukegan Park Tuesday. A pot luck dinner will be held at Collingswood Park Friday evening, starting at 6 o'clock. Mrs. Ida Dant, chairman and the chairman, Mrs. Lois Weeks of Mitchell, introduced organization to Madison for the VFW. Mrs. Simmons, county chairman.

He gave a talk and introduced sponsored by the committee-12 office-holders and candidates.

dates, including State Rep. Lloyd C. Harris, who gave a talk.

Final plans were made on a public fish fry and the women of the club of Collingswood, 20, of 1228 College Street, Venice, driving left onto State street and turning left onto State street and the car of Hilda L. Simms, 1020 Mitchell, was traveling north on state. Leonard was charged with having no driver's license.

Third-State Mishap

Fender and radiator damage resulted at 9:15 a.m. Tuesday from a collision involving the auto of George Leonard, 20, of 1228 College Street, Venice, driving left on Third street and turning left onto State street and the car of Hilda L. Simms, 1020 Mitchell, was traveling north on state. Leonard was charged with reckless driving, posting his driver's license as bond until a hearing tomorrow.

Arrest Follows Crash

Southbound autos collided on Iowa street at the Tenth street stop sign at 12:05 a.m. today, damaging the left rear of the auto of Dorris Blacklock, 22, of 2004 Sixth street and the front of the car of George E. Hay, 20, of 1228 College Street, Venice, charged with reckless driving, posting his driver's license as bond until a hearing tomorrow.

Bend Road News

The Bend Road Baptist Church held a monthly brotherhood meeting Tuesday. In an election of new officers, Floyd Graham was elected president, Walter Withers vice president, W. B. Bingham, program vice president, and Kenneth McDowell, secretary. George Withers also was present at the meeting. The brotherhood held a prayer meeting and worked on the new church building.

Madison PTA Cancels

Meeting For October

A scheduled meeting of the Madison PTA Monday night was canceled. Edna Johnson, president, declined to give the reason but attributed it to new developments. She and another officer were at the meeting to speak to the members and guests of the last-minute decision.

Mrs. Byrne said the group

Health Dept. Needs Told In Q. A. Voter Handbook

A Q and A (Question and Answer) pamphlet, "Why You Should Vote for a Madison County Health Department," has appeared as a voter aid. Circulated by the Illinois Statewide Public Health Committee, it is being publicized and made available by the Quad-Cities Committee for the Madison County Health Department. Dr. Felicia D. Koch, Granite City physician, is chairman.

Acting as models for the demonstration were Misses Lynn Walton, daughter of Dr. and Mrs. E. W. Walton, and Lois Jones, a daughter of Mr. and Mrs. Paul Jones, both of Granite City.

Q: What is the purpose of the election on the Nov. 8 election is that of the creation of a county health clinic?

A: It will protect you and your family against preventable disease through immunization, improved sanitation, and education. It will bring a team of public health workers to your county to safeguard the health of you and yours. It will tend to improve the health of every person in the county through education in personal and community hygiene.

Q: How will these things be done?

A: Through the daily, full-time effort of a health officer who is a graduate, qualified public health physician, public health nurses, sanitary engineer, public health dentist, health educator and other specialists as needed for the county.

Q: Who is the Madison county health department?

A: Through a small tax authorized by a vote of the people; an estimated 25 cents per \$1000 assessed valuation in Madison county.

Q: How large a tax will be levied?

A: The law provides that the tax may not exceed 1/2 mill on the dollar of assessed value of all taxable property in the county, amounting to 50 cents per \$1000. The county board of supervisors need not levy the full amount if a smaller levy yields enough to operate an efficient full-time county health department, which holds true in Madison county.

Q: Is it possible to estimate how much the board will levy?

A: Yes. Experience shows that it is desirable to spend about \$120 to protect the health of each person in the county. The figure varies, however, due to different counties depending on health needs and local circumstances.

Q: What will the Madison county health department do?

Mother Of John McBride Dies At Maywood, Ill.

Mrs. James (Margaret) McBride, 76, mother of John McBride, 52, managing vice-president of Union Starch & Refining Co., died Tuesday morning at her home in Maywood, Ill., after a lengthy illness.

Funeral services will be held Friday at St. James' Church, Maywood, and burial will take place at Elmhurst, Ill.

Q: Who are the people?

A: The most effective and economical method for providing a good public health service.

Better health, adequate public health services rather than minimum measures.

**City's \$12,450 Bill
List Includes
Parking Appraisals**

A 2½-page bill list totaling \$12,450 was approved Monday night by Granite City council members. The list included items and services purchased during a two-month period.

Of the total, \$2,148 was for fuel and maintenance for city-owned vehicles. Other disbursements were \$1,000 for shelving for the city court law library and \$23 for fronting for the shelves; \$845 paid to the Granite City Real Estate Board for appraisal of real estate for downtown metered parking lots; \$125 paid to R. Dron Electrical Co. for repairs to a portable electric train set at 26th Street and Madison Avenue.

Melvin Pashas received \$783 for October maintenance of the city's municipal building; \$1,410,000 for engineering services in September; Kufferer Bros., \$177 for 38 feet of ornamental iron step rail for city hall steps; and Leo Kaminski, \$151 for cutting weeds on 51 lots.

Watch Lost In Sewer
Dee Deacons for the Granite City Fire Department, \$78, paid to Tri-city Tent and Awning Co.; while a \$17 watch was purchased from Jacobsmeyer's tavern, replaced a watch lost by a street department employee, Clarence Baker, who was cleaning sewers.

Allowances included on the bill the following: \$10 to City Building Inspector Earl Bloomquist as 50% of building inspection fees for September; \$50 auto expense for Assistant Chief Carlis Lutz; \$50 auto expense for Police Chief Raymond Willard; \$350 travel expenses for Victor Koenig and Theodore Foothills, police officials, for attending an Eastern Instructor Training Center course in New York from Oct. 30 to Nov. 5.

Other allowances were \$30 to Alderman Samuel Whitmer for expenses during September and \$60 each paid to Fred St. George, Police Detective Michael Devine for attending a police school last week at Southern Illinois University, Carbondale.

**Remember, Timepieces
Go Back 1 Hour** **30**

Housekeepers, time keepers, plants, shops and business places and a lot of individuals have a small chore to perform in nine days, on Oct. 30 (Sunday)—set their clocks and watches back one hour.

Daylight saving time ends at 2 a. m. Sunday, Oct. 30, the hour the sun officially goes back an hour to coincide again with sun time.

So, set timepieces then to synchronize with the sun (Central Standard Time) again.

It is not necessary to get out of bed to turn back the hands at 2 a. m. Most perform this annual task late Saturday night, or when offices and shops close for sun time.

An hour's time will be gained, which was lost when the electric clock was turned back on April 24, when C.D.T. went into operation.

Little conflict will result from the change. Business hours remain the same; buses will operate on same schedules, so will trains which generally kept to C.S.T. It will be an adjustment, that's all. To repeat, standard time goes into effect Sunday, Oct. 30.

**Driver In Crash Faces
Stop Sign Charge**

A charge of failure to observe a stop sign was placed against Henry O. Southard, 28, of Alton, Monday evening at 23rd and Benton streets. He posted his driver's license as bond.

Police said Southard was driving an auto west on 23rd street and collided with a panel truck operated north on Benton street, by Elmer Miller, 25, of 241 Woodlawn avenue.

No injuries were listed, but both vehicles were towed away.

ALL-CATCHING CATCHBASIN, that not only catches water but also women's heels, leaves and papers. The basin, located on Myrtle and Leonard avenues, has a grating on the sidewalk and the grating has about 1½-inch openings. Because of the grating, leaves and papers often clog the basin, shutting off drainage.

Annulment Granted

Granite City Girl

A marriage annulment was granted in the circuit court at Edwardsville last week for a 15-year-old Granite City girl, Luu Herrell, whose maiden name of Vuong was retained.

The suit was filed in the name of her mother, Mrs. Irma Lee Buscemi, and stated the girl was 15 at the time of the marriage. Warden Lee, Aug. 17, 1959, and the defendant, Charles E. Herrell, was 18 years old, also a minor according to state law.

Four board members and Superintendent Wensel Brown will attend the fall conference of the Illinois School Board, Division of Illinois School Boards this evening at the East St. Louis senior high school.

James Norma Hinson, Madison junior high school physical education instructor, was granted permission to attend the convention of the Illinois Association of Health, Physical Education and Recreation in Chicago Nov. 17-19.

The board accepted the resignation of Mrs. Patricia S. Sorenson, teacher at the Madison senior high school. Four applications for the position are being considered by the board, with a decision expected to be reached before Monday.

Board President John Belcoff was named official delegate of the school district to the Board Member Henry Bauer his alternate for the annual meeting of the Illinois Association of School Boards in Chicago Oct. 28-29.

A request from the Madison All-Stars, local school group, for use of the Dunbar school gymnasium for a program on the evening of Nov. 7 was granted.

When you buy a home...

A LAWYER IS YOUR BEST FRIEND

It's best to have a lawyer when you buy real estate. A lawyer sees to it that your rights are fully protected . . . that the deed correctly identifies the property you are buying . . . that all the other papers are in order. He makes sure the terms of the sales contract have been fully met before you pay the purchase price.

He will also tell you how a Chicago Title Insurance Policy will protect you against loss due to title defects. Should anyone ever question your title as insured, Chicago Title and Trust Company will retain local counsel to defend it for you, in court if necessary . . . pay all litigation costs . . . promptly pay any loss. The seller provides the policy—you pay nothing to keep it in force.

Catchbasin Design To Be Changed Because Of Women's Spike Heels — Other Reasons

Women's spike-heels, plus other factors, will change the design of any new catchbasins in Granite City, the council members said yesterday.

Sixth Ward Alderman Casmer Skubik said he received complaints over the weekend from two women who encountered difficulties in walking when they were walking to church in a catchbasin.

Street of Streets Warfield agreed the entire design of the catchbasins should be changed, but gave no reasons.

Warfield said "sometimes" catchbasins are the cause.

Skubik called for the catchbasin to be relocated "at a point away from the sidewalk, posing a considerable problem in the drainage line system."

Sup. of Streets William Ward agreed the entire design of the catchbasins should be changed, but gave no reasons.

The change was requested by Alderman Donald Courtney, who said the present zone, the southeast corner in front of a four-family apartment on Benton street, is the worst.

He suggested it be relocated on the northeast corner where there is a vacant lot. The relocation was suggested by Alderman Casmer Skubik, who operates a confectionery at 22nd and Benton streets and had a zone on the southeast corner.

Both Alderman Courtney and Skubik said the catchbasin was one sheet of a newspaper over the catchbasin.

"I have to go around the area to my car a lot because the water will run off," the superintendent said. "What we need are the openmouth type catchbasins that don't clog so easily."

Alderman Emerald Davis called for the city engineer to determine how soon the West Benton road paving work on northeast corner could be completed by the county. He pointed out the construction is hampering not only the flow of

traffic but presents a hazard in that it blocks the movement of fire-fighting equipment into some areas of the city.

Police Work 'Cram' Course Diplomas To GC Officers

Graduate certificates were arranged from crime scene search, awarded two Granite City law enforcement officers on completion of a week's concentrated training course in police work at Little Grass Lake, near Carbondale.

Lt. George Tellor and Detective Donald W. Jackson, enrolled in the broad-based program, first of its kind in southern Illinois — conducted by Southern Illinois University's safety center, a division of technical and adult education.

Present at the ceremonial presentation of the certificates were Mrs. Devine, Mrs. Tellor and the Tellor's son, Ronald, a student at SIU.

Instruction was in the hands of Illinois State Police personnel, FBI, U. S. Secret Service members.

During the week, the Granite City officers explained today, none of the 29 officers enrolled were allowed to leave the training committee.

In a final statement today, the officers declared:

"It was a splendid course, so essential to police training. We are fortunate to have a chief and administrator who recognize this need and take advantage of such programs for the training of our men."

Training, the pair explained,

Alton State Hospital To Build If Bonds Ok'd

If voters approve the Illinois Health Buildings Bond referendum on Nov. 5, the Alton State Hospital will increase its bed capacity by 500, construct a medical wing and build two, modern infirmaries for the aged.

This will be possible because of its allocation of \$82 million out of the \$150 million bonding proposal.

These facts were brought out Monday night by the Alton institution's chief psychologist in a talk at the Granite City Kiwanis club's dinner meeting at the Built In 1914.

Dr. William Cook told the Kiwanis club members that the Alton hospital was built in 1914, making it one of the more recent welfare institutions in Illinois.

It has a total capacity of 1300 patients, serving the population of 1900. It serves Madison county and 16 others.

Dr. Cook in urging the proposition, said: "We believe that passage would allow for new buildings not only at the state's mental hospitals, but those housing and caring for the aged, disabled and retarded. Likewise, money would be available for additions to the state veterans home."

Local Clinics Ad

Paraphrasing, he pointed out that the Madison County Health Clinic and its Granite City office were of great aid to the staff at the Alton institution.

The psychologist explained the need to vote on the referendum at the November election.

"AN 'NO' vote is almost equivalent to a 'NO' vote, under the system of 'one ballot' we argue. 'To pass the referendum must secure a majority of the total vote cast for state representatives.'

Other speakers, including state guests, were Clarence Bob Edwardsville, and Kenneth Gieno, of Nameoki. President Francis Jude presided.

County Sales Tax Receipts Climb To \$111,540

Madison county's share of sales taxes for the state government's treasury topped the \$100,000 mark with inclusion of \$12,477 for July, it was announced yesterday.

Added to \$99,362 previously collected, the August collections for July resulted in a total of \$124,940.

The latest report showed a gross of \$12,954, with 6% of \$777 deducted by the state for administrative expenses. The \$777 net, 60% of \$7308 will go toward construction of a 20-mile home and 40% or \$4870 for courthouse and jail improvements.

The revenue is derived from a half-cent sales tax, the difference between the three-cent state tax and the three-cent local cents collected on purchases made in unincorporated areas.

New Stop Signs And Parking Laws For GC

Installation of two new stop signs was approved Monday night by Granite City council members who also gave instructions for another ordinance to be prepared for a third installation.

A stop sign is to be placed at 21st street and Grand Avenue on 21st street to control northbound traffic and two signs are to be installed at 12th street at Edison Avenue.

Alderman Sam Skubisoff has recommended a stop sign be placed at Johnson road and Edgewood Drive to halt southbound traffic at the Johnson road intersection. There already is a stop sign at Edgewood Drive at the intersection.

Also to be prepared for a one-hour parking limit are signs for the west side of 12th street extending from Adams street east to the alley.

Permit was granted for a one-hour parking limit in 1800 block of Clinton Blvd. along the skating rink building. Alderman Arthur Wiezer said the owner of the rink made the request and that autos would be parked up side of the building, compounding the low two-to-three-inch high stone curb.

Vandals Hurl Eggs

Two autos in the 2000 block of Grand Avenue were splattered with eggs Monday night according to a report made to Granite City police Tuesday morning.

Mayor Rescinds Ok For Privy In Garage

Rescission of 28th block of Lincoln Avenue spoke before Granite City council members Monday night asking for action to be taken to halt construction of a four-to-five story structure planned to eliminate the use of a garage as an outdoor privy at a home located on a 20-foot lot.

Mayor Davis informed the group that he had given permission for the garage to be removed and that he had no objection to the removal of the garage as an outdoor privy at a home located on a 20-foot lot.

Police said Donald F. Lahay, 30, of St. Louis was traveling west on 23rd street, while he was in the area he was held up north of Lincoln street by Vera J. Simola, 34, of 2324 Lincoln Avenue.

The Citizens' Patriotic Com-

mittee will sponsor an open-

house discussion led by Waldo Schellenger at 8 p.m. Friday at the Labor Temple, 2014a State Street.

Schellenger is chairman of the citizens' organization.

Friday's topic has been an-

non-subsidized Government.

An invitation to attend the

discussion forum has been ex-

ecuted to the new

occupant of the house promised

to start immediately to erect a

bathroom onto the three-room

"That was several weeks ago and something had to be done to provide sanitation facilities," he said. "However, if the person in take time, he can do it in a

month, then the city should move in and make certain the bathroom is being finished." The mayor said he had no objection to making a promise and then doing nothing about it.

He was instructed to contact

the parties and order them to

comply with the city's sanc-

tions regarding the removal of

the fence at least the front of the house. The city's building code is to be

followed in the removal of the

sidewalks also can be removed.

Also adjacent property owners

said they had been told the dwelling

was to be condemned

and the city had granted

the right of way for the house to be

renovated. Bloomquist said the

work would be completed before it was occupied.

It was also prepared to order

Pleads Not Guilty To Forfeiture Charge

A St. Louis motorist involved in a collision at 23rd and Benton streets Tuesday morning pleaded not guilty to a charge of failure to yield right-of-way. He was released on \$15 cash bail.

Police said Donald F. Lahay, 30, of St. Louis was traveling west on 23rd street, while he was in the area he was held up north of Lincoln street by Vera J. Simola, 34, of 2324 Lincoln Avenue.

Facts About The

Universities Bond Issue

VOTE YES
November 8

"This is the third in a series of six articles prepared by the Southern Illinois University staff on architects' and engineers' planning for SIU's Southwestern campus between the Quad-Cities and Edwardsville."

More than 95% of the students at Southern Illinois University's South Campus live within an hour's drive of the university. This percentage is not expected to change noticeably with the school's projected 500% enrollment increase in the next ten years, and the planners of the new 2600-acre campus believe that the Quad-Cities and Edwardsville are going major consideration to the motor-age population it serves.

From the outset traffic plans were developed with the architectural planning in mind. It is assumed that the facilities of the campus would be serviced by roads to permit maximum accessibility by automobile.

Traffic engineers have noted the special requirements for the university in its planning of areas to be roaded and driving times in relation to the expected future flow of student vehicular traffic: while the part staff attuned to commuting, driving times will not daily, even hourly by automobile change significantly during the period 1963-1970, traffic volume must anticipate by 1970, with the major measure being the population centers south and west of the campus site.

The studies have a bearing upon location of campus entrances and service roads, as well as the general orientation of buildings.

Parking For 13,000 Autos. Provision for 13,000 automobiles must be made for 33,000 auto-miles during peak loads of traffic when enrollment reaches 18,500 without sacrificing the natural beauty of the site.

Madison Schools' Fire Drill Results Favorable

Inspections and drills conducted by the Madison fire department in Madison public and parochial schools produced generally favorable results. Madison school board president J. E. Bellcore, who is also assistant chief of the fire department, told the board Monday night.

Fire department inspectors paid surprise visits to all schools during "Fire Prevention Week" conducted building evacuation drills and searched for fire hazards.

In one school building Bellcore related, about three-fourths of the teachers were absent from their classrooms attending a meeting when the fire drill was initiated. "The kids, even the little ones, filed out just as nice as you please without any supervision," he said.

At another school building a custodian inadvertently set another drill in motion when he activated a fire alarm while replacing glass in a fire alarm box. Students, thinking it was another practice drill, filed out of the school's second floor.

Drills were conducted at the Madison senior and junior high schools, Harris, Louis, Baer, and Blair grade schools and St. Mary's parochial school.

Karl L. Ellis Promoted While In Germany

Karl L. Ellis, son of Mr. and Mrs. Charles L. Ellis, 2356 Boyle avenue recently was promoted to acting sergeant at Amberger, Germany, where he is a member of the 2nd Armored Cavalry.

Specialist Ellis, assigned to the cavalry's Troop M in Amberger, entered the Army in 1957 and was last stationed at Fort George G. Meade, Md., and arrived overseas in February 1958.

The 20-year-old soldier is a 1956 graduate of Granite City high school.

His wife, Seglinde, is with him in Germany.
